Product Detail

تفاصيل المنتج

Registration Number	1277	رقم التسجيل
Category	Electrical Water Heaters	الفئة
Scope	Electric Water Heaters - Vertical	النطاق
Technical Regulation	OS 1652:2022	اللائحة الفنية
Conformity Certificate Number	GCTS 0021-670	رقم شهادة المطابقة
Trademark / Brand	AO Smith	العلامة التجارية
Model	ECT-120X 310	الطرز
Rated Capacity	400 Liter	السعة
Water Heating Energy Efficiency	95.6 %	نسبة كفاءة طاقة التسخين للمياه
Energy Efficiency Class	D	مستوى كفاءة الطاقة

Terms and Conditions

الشروط والأحكام

1. This Approval grants permission to the manufacturer to use the energy efficiency label according to OS 1652:2022 for the above-indicated product.
2. The manufacturer takes responsibility to affix the registered Energy Efficiency label generated by HAZM platform to the products being manufactured, imported, and sold in Oman once receiving the Energy Efficiency Labeling Approval with tracking and the Energy Efficiency label from the Notified Body.
3. The label must comply with the dimensions required by OS 1652:2022 and be adhered on the unit according to the requirements of OS 1652:2022. It shall be visible when the unit is removed from its packaging for display purposes.
4. The validity of this Approval is subject to the related Rules and Regulations of the Sultanate of Oman, and any instructions or amendments issued by DGSM.
5. The manufacturer shall report any technical changes to the product to the Notified Body for review and approval.
6. The manufacturer shall apply for renewal of this approval by the Notified Body within 3 months prior to expiry.

1. **Document Responsibility:** This Document 's responsibility lies entirely with the Notified Body as identified on the first page of this Document.
2. **Document Scope:** This Document applies only to the product(s) submitted. It does not imply that the Notified Body has performed any surveillance or control of the manufacturing site(s).
3. **Basis of Assessment:** This document was evaluated based on a review of the information and documentation supplied. It reflects the current state of knowledge of the product, and the energy efficiency information available today.
4. **Manufacturer Responsibility:** The manufacturer is solely and fully responsible for the conformity of the production units with the product/model evaluated and approved.
5. **Changes to verified Product:** Any modifications made to the verified product by the manufacturer may require additional conformity assessments, possibly leading to changes in this document status. It is the manufacturer's responsibility to inform the Notified Body of any significant changes in product, manufacturing process, organizational structure, or any other relevant changes that could impact the conformity of the verified product. Failure to do so could result in the suspension or termination of this document.
6. **GCTS/OCTS Registration Validity:** The validity of a Gulf Conformity Tracking Symbol (GCTS) registration in the G-Mark platform, or an Omani Conformity Tracking Symbol (OCTS) registration in the Omani Conformity Tracking Platform (Hazm), is separate from the validity of this document. It is the manufacturer's responsibility to maintain the validity of these registrations.
7. **Reproduction of the document:** The reproduction of this document is only permitted in its entirety.
8. **Exclusive Use:** This document is intended for the exclusive use of the Notified Body's client and is provided according to the agreement between the Notified Body and the client.
9. **Responsibility and Liability:** The Notified Body's responsibility and liability are limited to the terms and conditions specified in the agreement between the Notified Body and the client.
10. **DGSM's Liability:** DGSM confirms the registration number approval on this document as a procedural step. However, it assumes no responsibility for the accuracy and reliability of the evaluations and conformity decisions made by the notified body.
11. **Renewal:** Requests for renewal of this document should be submitted within 3 months prior to its expiry date. After the expiry date, a new application will be required for granting new Approval document.
12. **Failure to Comply:** If any deviation or variance from the DGSM Requirements for granting the approval document is detected, or if there is improper or unauthorized use of the approval document, of Energy Efficiency Label, of DGSM name,
